

File Code: 2210/2230

Date: May 28, 2015

Dan French
218 Highway 28
Salmon, ID 83467

Dear Dan,

The following letter will document your meeting with Ingrid Drieling on April 17th, 2015 and will serve as your Annual Operating Instructions (AOI) on the Withington Creek C&H allotment for the 2015 grazing season. The authorized use for the Withington Creek C&H allotment for cattle with the  and  brands will be as follows:

Permitted Use

<u>Allotment</u>	<u>Permittee</u>	<u>Number/Class</u>	<u>H.M.</u>	<u>Dates</u>
Withington Creek C&H	Dan French	77 c/c	195	7/16-9/30
Withington Creek C&H	Dan French	60 c/c	107	8/8-9/30

Authorized Use for the 2015 Grazing Season

<u>Allotment</u>	<u>Permittee</u>	<u>Number/Class</u>	<u>H.M.</u>	<u>Dates</u>
Withington Creek C&H	Dan French	77 c/c	195	7/16-9/30
Withington Creek C&H	Dan French	60 c/c	107	8/8-9/30

<u>Allotment</u>	<u>Unit</u>	<u>Number/ Class</u>	<u>H.M.</u>	<u>Dates</u>
Withington Creek C&H	Hot Springs	77 c/c	18	7/16-7/22
	Mulkey Creek (upper)	77 c/c	56	7/23-8/13
	Withington	137 c/c	144	8/14-9/14
	Withington/Lower Mulkey	137 c/c	32	9/15-9/21

Only cattle with the  and  brands will be authorized to graze on the Withington Creek C&H Allotment. The Annual Operating Instructions are made part of your Term Grazing Permit as per Part 2, Item 8(a) of the General Provisions and Regulations. Situations may develop during the grazing season which requires changes to these instructions. Dates listed in the authorized use section may vary based on management needs or range readiness and proper use standards. **If changing unit move dates becomes necessary, or if you cannot comply with some part of these instructions, contact Ingrid Drieling and obtain approval before initiating changes of deviating from these instructions.** Changes can be made based on resource objectives, provided the changes are first approved and documented by an authorized officer. Any extension of use beyond the permitted dates will not be authorized.

Allowable Use

The allowable use standards for the Withington C&H allotment are listed below. It is your responsibility to be aware and recognize utilization and alteration standards. You must move your livestock to the next unit planned, or off the allotment, when those standards have been met. If you need assistance determining utilization levels please contact Ingrid Drieling and she will assist you. **Once cattle are removed from a unit in accordance with use standards and unit scheduling, they are not allowed to return. Please ensure you clean all livestock from your units.** The Forest Service is responsible for monitoring your compliance with allowable use standards. Monitoring typically occurs within two weeks of your unit move date. Please contact your Range Specialists if you would like to join them when monitoring your allotment.

Withington Creek C&H

Riparian sites:

A minimum stubble height of **4 in.** on the current year's growth of key riparian species

Upland sites:

Maximum of **50%** use of current annual growth of key herbaceous species

Actual Use and Improvement Maintenance Reports

Your accurate documentation of actual use and maintenance is vital to the yearly allotment record. Numbers, move dates, riding and photos are all items used to compile End of Year reports written by your Rangeland Management Specialist. These reports are submitted yearly to the service agencies and published on the web.

Actual use and range improvement maintenance forms have been included for you to complete and return within **30 days** of your off date.

Range Improvements

Range improvements listed in Part 3 of your grazing permit **must** be maintained prior to livestock entering the allotment. Contact your Rangeland Management Specialist to discuss materials and supplies for any improvements that are in need of re-construction.

The ATV cattleguards installation will need to be coordinated with Mark Bonner to bring them close to the locations with his flat-bed. Once the cattleguards are at the locations, please coordinate with Ingrid to schedule a day for assistance with installation.

General Management

The grazing fees for 2015 are the base rate of \$1.69 per head month. Payment of your grazing bill is due prior to your earliest turnout date.

The Salmon-Challis Travel Management Record of Decision was signed December 24, 2009. With the issuance of this decision, all roads and trails designated for motor vehicle use map (MVUM). As detailed in 36 CFR 261.13; 36 CFR 212.51a the prohibitions on motor vehicle use

will not apply to motor vehicle use that is specifically authorized under a written authorization issued under Federal law or regulation. **Effective March 20th, 2015 the Salmon Challis National Forest requires a Vehicle Use Permit, signed by the District Ranger, for ALL closed roads or off road travel. This must be displayed in windshield for Trucks or carried on ATV's, UTV's and Motorcycles. Contact your Rangeland Management Specialist to obtain a Vehicle Use Permit for any closed road or off-road travel.** Motor vehicle use maps may be obtained at any Salmon-Challis Ranger District.

Approval of requests for personal convenience and resource protection nonuse is not automatic and the authorized officer should discuss the reasons for the nonuse request with the permittee. Requests for non-use must be done in writing and the approval of a request for non-use must be in writing by the authorized officer. Full or partial permittee convenience nonuse may be approved by the authorized officer for no more than three consecutive years and not more than four years in any ten year period.

Dead livestock must be moved at least 100 yards from water, roads, and trails.

Place salt at least ¼ mile from water sources and in areas lightly grazed to encourage an even distribution of utilization on the range.

Invasive weeds are becoming a serious threat to the welfare of our rangelands. Your assistance is needed to identify new outbreaks of weed populations and to prevent the establishment of weeds on the forest. We have implemented a Noxious Weed Free Hay order on our Forest. This will require any hay that is brought onto the National Forest to be certified free from noxious weeds.

If you spot a wild fire, report it immediately to the Central Idaho Interagency Dispatch Center in Salmon, ID at (208) 756-5157.

If you have any questions regarding any of the allotments for which you have permits, please call Ingrid Drieling at (208) 768-2516 or myself at (208) 756-5247.

Sincerely,

/s/ Jay Winfield
